

President: It seems everything old is new again, and I am once more taking the reigns as your President. Since you voted me in, I presume you are ready for my unique style and sense of humour!!! I hope everyone enjoyed their summer and is now ready to get back into quilting mode. Many of your Committee Chairs and the finance subcommittee have worked over the summer (without me, but that's another story!) so we can bring you fresher, more active and more interactive guild meetings. Many changes are coming and more will be proposed. There may be a challenge or two, but I am sure together we will find the right path to take us forward and through the coming years. The first meeting is this coming MONDAY SEPTEMBER 12, at 7 PM. Please plan on attending as we will be starting off with a bang and your thoughts and ideas will greatly influence how the year develops!

Yours in stitches, Lorraine

Membership: *Ann G.* There are a few changes occurring. First, the annual Membership Directory will soon be available for at home printing instead of the guild having them published. If you do not have access to a printer, find a printer buddy to do this. I hope to have the 2016-17 Directory completed by the end of September.

This list/information will be e-mailed directly to you and *not* posted on the web site.

Two ways of getting a current copy:

- completely print off the entire guild membership

OR

- just update your previous directory with any changes
I will let you know of any changes are, plus new members info.

Instead of the weekly door prizes . . .

M\$ Fundraiser Quilt: *Doreen F.*

I have attached the fabric colours and pattern design for the M.S. Quilt that the guild will be making.

First sewing day

- **Saturday September 17 from 09:00-4:00 p.m. At**
- **Kamloops Seniors Village Multi Purpose Room.**

We will make this quilt with bright coloured batiks.

We would like to ask each quilter to bring, (if possible),

- 4 co-ordinating tone on tone batiks in bright colours.
These could be brought to the guild meeting to view prior to starting the project.
- we would likely use a light to med. grey colour thread.
- If you have an add a quarter ruler this would be useful in this project.
- recommend bringing an extension cord.
