President's Message – Lorraine

Hi Everyone,

If you were at the last meeting I hope you enjoyed our guest presentation. If you would like to have a hands on try of the technique please let Joy know and come to the April QTYW for a lesson. Kits are being made ahead of time so preregistering is a must for this one!! I know with this snowy weather I should be quilting, but I have been hibernating instead. I hope many of you are able to work on exciting new projects, or finishing some of those you already started. If you want to join our UFO group, let Sandy know and if you are on Facebook join our page. It is really interesting to see the finished projects and hear the back stories. I know it helps me feel not so guilty about all the partially completed projects I have stored here and there in my sewing space. Have a great weekend and see you Monday evening to finish off the long weekend!
