

A vintage black and gold Singer sewing machine is shown in a side profile. The machine has ornate gold-colored floral and scrollwork patterns on its black body. A large wooden hand wheel is on the right side, and a spool of orange thread is mounted on top. The machine is resting on a dark wooden cabinet. The background is a light, textured surface.

Sisters Scrap Challenge

Pat M

- Pat joined the Sisters Scrap Challenge sponsored by Brandy Maslowski & Bonnie Hooley for \$10 for Quilts of Valour (~\$500 was donated).
(They shipped their various scraps to the 110 people participating. Great way to de-stash their studios – ha, ha!)
- A package arrived in the mail and the great variety of scraps is pictured in the top right.
- We could use 1.5 meters of our own fabric for background or sashing but we had to use at least one of every fabric that came in the package. Borders could be an additional fabric. No size requirements.
- The challenge started Apr 1st and the quilt had to be finished by May 15, 2021.
- The quilt is 42 x 56" & pieced and quilted by Pat

Sleigh Bells

Donna F

- The top is made in seven large sections. Donna quilted each section on her home machine and then joined them using narrow black strips. She added a wide flange border and made it queen size for her guest room.
- Donna worked on it on & off for over a year. She says it was fun selecting the fabric & doing all the applique, but it was a lot of work, so she is glad it is done!

Distant Vision

Joy G

- This wall hanging is 14" x 18" drafted in workshop with Dianne Jansson, November 2018.
- Joy worked on it more off than on machine quilting each tile, added shading with crayon.
- This March Joy made a felted trunk to go with machine stitched cedar branches to add foreground to wall hanging

Dinos On Parade

Joy G

- Panel and complementary fabric purchased at Katja's at one of her sale days and additional red Dinos in cars and flannel backing by mail order from Hamel's in Chilliwack. The fabric sat in a pizza box (Joy's quilt fabric/ kit storage system) for 5 or more years!!!
- During that time Joy put more fabric in the box to make up the colour palette of missing fabric. More than enough choices.
- 2020 November 22: Joy got the fabric and pattern out to re-acquaint myself in order to make a birthday quilt for Oliver as he will soon be moving into a big bed. Faux binding completed November 28 - within a week!!! It helps when you have a pattern to follow. Lori Dewalt quilted "Dave's dinosaur" pantogram and used Green Kryptonite Glide thread.
- Oliver loves it!

Lemoyne Star

Doffy B

- This quilt started as a square and was one of three quilt tops that Dianne J. gave to Cheryl to be completed for community quilts.
- Doffy was quite taken with this scrappy lemoyne star and brought it home to finish.
- Luckily, she still had some older Thimbleberries fabrics and found colours that went well with the muted colours in the Lemoyne Star and the cream background. The next thing Doffy needed to do was turn the 38" centre square into a rectangle.
- Doffy decided to make the two side borders narrow and then she made the top and bottom borders just over double the width of the sides.
- The finished size is 45" x 60".

Diamond Quilt

Sandy M

- This is a Quilt that Sandy made recently for her sister, Kim. Its Kim's birthstone, so when she came to Kamloops a couple weeks ago, Sandy gave it to her as a belated Birthday gift!
- Kim's birthday was April 4 and she turned 48! She's the youngest of Sandy's siblings and she loved the quilt!!
- It's designed by MJ Kinman (www.mjkinman.com), she has designed a block for every Birthstone.
- Next Sandy plans to make the March Aquamarine quilt for me!! She quilted it with straight lines in the Diamond and swirls in the black border.
- These patterns are paper pieced and it was so fun to make!!
